The following question was submitted to ITS and is being presented as it was submitted, except to remove any reference to a specific vendor. This information should assist you in formulating your response.

Question 1: Can you tell us what has changed from RFP 3729 to 3743? We have all spent a lot of time responding to 3729. It would be helpful to just modify our original response if there are only a few minor changes while being assured we are not inadvertently missing something.

Response: ITS and UMMC appreciate all the time and effort that has been spent responding to these RFPs. Unfortunately, a catalog of all the changes between RFP No. 3729 and RFP No. 3743 is not available.

The most significant change between the two RFPs is the removal of the Mandatory flag from all requirements in Attachment A.

To find all the changes between RFP No. 3729 and RFP No. 3743, ITS would suggest using the Compare function in Microsoft Word as outlined in this link: <http://office.microsoft.com/en-us/word-help/compare-documents-with-the-legal-blackline-option-HP010368863.aspx>.

Both documents are still available on the ITS web site:
<http://www.its.ms.gov/procurement/pages/3729.aspx>

and:

<http://www.its.ms.gov/procurement/pages/3743.aspx>.

There are also numerous utilities available from a variety of vendors for comparing the .PDF versions of the documents; however, vendors are responsible for responding to RFP No. 3743 as a self-contained proposal without reference to RFP NO. 3729 in any way.

RFP responses are due January 21, 2014, at 3:00 p.m. (Central Time).

If you have any questions concerning the information above or if we can be of further assistance, please contact Curtis Ritchey at 601-432-8177 or via email at Curtis.Ritchey@its.ms.gov.
